Written by: Ross Hebert, Meshak Muyaka, Eunice Muyaka, Brandon Haynes, Melodie Simmons

Verse 1:

My song is getting louder
My faith is growing strong
This happens when I'm with You

Verse 2:

My hunger is awakened
It changes my foundation
In the secret place, I find You

Chorus:

Just to be alone with You
Your presence changes me
Just to be alone with You
Just to be alone

Just to be alone with You
Your Spirit captures me
Just to be alone with You
Just to be alone

Bridge:

My worries fade away
My heart rearranged
When I'm with You
When I'm with You

In You I find my home
I'll never be alone
When I'm with You
When I'm with You

Chorus 3:

Just to be close to You
Your presence changes me
Just to be close to You
Just to be close

Just to be close to You
Your Spirit captures me
Just to be close to You
Just to be close
