

Bold MSC: You Know Better

Verse 1:

I don't want to live my life just wondering
Being focused on things I can't control
My God is with me through the storm and suffering
Lover of my soul You won't let me go

Chorus:

I've decided
To put my faith in You
Cause You know better
Better than I do
You can have my doubts
And You can take my worries too
I've decided
You know better than I do

Verse 2:

I know Your plans and ways for me are prospering
So I can trust You in the highs and through the lows
I'm secure in who You are and in Your heart for me
A future and a hope, You won't let me go

Bridge:

My Friends asked me what changed
I told them who
Jesus came and made me new
He knows better than I do
Come as you are
There's a place for you
You've got nothing left to lose
He knows better than you do
