Verse 1:

Who is this King, The Might One
Holy Spirit, Father, Son
Who is this Savior, El Shaddai
Adonai, be lifted High
Alpha Omega, the first and last
Holds our future, redeems our past
He's tearin' the seals, He's breaking the
chains
All of creation will shout out His Name

Verse 2:

He's coming with fire, eyes full of flame
Breaking the silence, shaking the frame
He's not in the grave, He's reigning right
now
The Lamb's a Lion, now wearing the
crown
Trumpets are sounding, the skies open
wide
The King of all kings, now glorified
He's tearin' the seals, He's breaking the
chains
All of creation will shout out His Name

Pre-Chorus:

Every knee will bow
And every tongue will confess
Hail the King of glory
Worthy is His name

Chorus :

Give Him his crown
Give Him his crown
Give Him his crown
Give Him his crown
Give Him his crown

Bridge 1 :

Holy
There's only one who's seated on the
throne
Holy
Majesty and praise to Him alone
Holy
Devil took an L, roll away the stone
Holy
Catch me with the angels at the throne
singing

Bridge 2 :

Holy
Catch me with the angels at the throne
singing
Holy
Catch me with the angels at the throne
singing
Holy
Devil took an L, roll away the stone
