Verse 1

We want to be with you
Our maker, our savior
Our one desire is you
The Father of all spirits
Our everything is you

Pre-Chorus

We need you right now, more than ever before

Chorus

Let your presence come,
and wash away the stain of the world we're from
Purify our hearts and make us clean,
We want to be with you
Let your glory come,
Give us just a taste of what is to come
Spirit lift us up where we belong,
We want to be with you /

Verse 2

We want to shine like you
From glory, to glory
Our faces radiant
Your Spirit, within us
Is making us like you

Pre-Chorus (Bridge)

We need you right now, more than ever before
We want you right now, more than ever before
